

BARGAINING REPORT #3

2011 NEGOTIATIONS WITH EXPERTECH FOR CEP CRAFT & SERVICES MEMBERS

October 6, 2011

Brothers and Sisters,

The Bargaining Committee met again this week with the Employer and we continued to work to get the Employer to remove their concessionary demands, while trying to move our agenda forward.

We have had lengthy discussions on seniority related issues, and the class system. The Employer is proposing a revised class system that, in many ways, is worse than the current.

As this process continues there will no doubt be rumours in the field, along with managers asking your opinion. We continue to ask that you do not engage in these types of activities as they can negatively impact the work being done by your Committee.

There will be no report next week as our next scheduled date with the Employer is October 17, 2011.

We thank you for your continued support.

In Solidarity
